10th Sept., 28.

My Dear Mirza sahib,

Many thanks for your letter just recieved. I am so glad to know H.H.will be coming to Simla and we all will be together for some days.

I have already writ en to Mr Thompson to postepone dealing with the cases till then.

I am so disappointed to see that H.H.feels so modest in not accepting my humble hospitality at Simla. Let me assure you that it is not any trouble to me but on the contrary the greatest pleasure and honour, and I again file my appeal, to house. Kashmere House is certainly away from the hustle of the town. The only thing abo t it is that there is absolutely no furniture whatsoever in the house,and in Simla it is almost impossible to get furniture on hire. I had a few things there last year of my own which can be sent there but I am not sure if those will be enough. Personally I should prefer Patiala house by the name of "Oak Over". This is furnished, but this is just on the mall. If however H.H. prefer to be far away and not mind the liscom ort about the furniture then Jammu Castle is the best. But I cannot

I it I cannot help thinking that Jammu Castle is in a very bad condition. If H.H. decides upon Jammu Castle then please inform me so that I may make some arrangements about the furniture &. Yes H.H. may write or letter wire direct to Maharaja Kashmere.

Re cars. I donot think you need bring your own cars as you cannot use cars in Simla. From Kalka to Simla we will arrange the Motor Rail and the party can go by train. If however H.H. may want a car any where I can easily send upto three of my own cars. So there will not be any necessi to to hire any.

I am so sorry to hear about the serious illness of Sir Grant Hayters. How very unfortunate. Please express my deep concern about his health to H.H.

I know you always do not mind my expressing frank opinion and therefore I do on this occassion as well. The person mentioned in your letter will never do and I am afraid will prove disastrous to the C/U.T that is already suffering Better think over it well before it is finally decided. Do not wait This is a matter in which no rules should be followed but left entirely at the discretion of H.H. [illegible].

With warmest regards

Yours Ever

Wajit Singh.

I hope H.H. recieved my registered lette which I sent him some days ago.
